1. PRIORITY NATIONAL INTELLIGENCE OBJECTIVES

Reference: USIB Action Memorandum 63/45, 4 November 1963,
subject same as above

Because some members of the Committee had not received General Strong's working draft of the reply to reference, it was agreed that members would examine the draft and phone concurrences or changes to the Technical Secretary. During the discussion, Colonel Lundquist's proposal to change the word "will" in the third line, paragraph 4c, to "may" was accepted. Mr. McAfee's request that the word "intangibles" in the first line, paragraph 2, be changed to "subjects" was also accepted. It was noted that the NSA representative had telephoned his concurrence and that further word was expected from DIA, Army, and Navy.
